## **The health service**

End privatisation, abolish prescription charges and create a free health service

## **Tuition fees**

Scrap tuition fees and re-introduce student grants right away

## **Street crime**

Make sentences fit the crime, with zero tolerance of dealers, thugs and racists

## **International aid**

Cancel debt and give real aid, not loans linked to trade deals that create more debt

## **Global warming**

Review and reset the limits of pollution released into the atmosphere by industry

## **Terrorism**

Defend civil liberties against government meddling and bring in better policing

## **Immigration and racism**

Stand up against racism and the anti-asylum hysteria promoted by the media

# Elexion 05

don't take it lying down

## **Transport**

Promote public transport to reduce traffic congestion and cut down on pollution

## **Europe**

Promote democracy, multiculturalism and trading relationships in the EU

## **Iraq**

Detain all MPs who supported the war in prison until they can be tried for war crimes
