The health service

Focus on illness prevention and offer conventional and complimentary treatments

Tuition fees

Scrap tuition fees and make sure that grants give all students a basic income

Street crime

Tackle crime with a new Department of Crime Prevention and Department of Justice

International aid

Help nations gain more economic independence so we only give out aid for disasters

Global warming

Develop renewable fuel sources to replace rapidly depleting fossil fuels

Terrorism

Ensure we protect ourselves without undermining values like justice and equality

Immigration and racism

Grant refugee status to anyone who's in fear of their life

Elexion 05

don't take it lying down

Transport

Create an affordable and environmentally friendly service through regulation

Europe

Say no to the euro – the single currency is run by bankers unaccountable to the people

Iraq

Oppose all wars and pledge support to any international anti-war conventions
