### **The health service**

Abolish prescription charges, scrap private finance schemes and invest in the NHS

### **Tuition fees**

Abolish tuition fees and reinstate full grants and bursaries

### **Street crime**

Stop getting tough on young people and instead give them good community facilities

### **International aid**

Increase aid to needy countries and fight a system that puts greed above human life

### **Global warming**

Switch to renewable energy sources to halt a global disaster within our lifetimes

### **Terrorism**

Stop US attacks on Third World nations that only serve to fuel the terrorists' cause

### **Immigration and racism**

Abolish current laws on asylum and immigration and welcome refugees with open arms

don't take it lying down

## **Transport**

Scrap unnecessary motorway-building plans and reprivatise trains and buses

## **Europe**

Oppose the single currency because it would mean a huge attack on the welfare state

## **Iraq**

Withdraw all British troops and support Iraqis to rebuild their country
