| Total | 129 | 100% | 127 | 100% | 50 | 100% | 306 | 100% |

Please Note:

Data is collected by school term. For this analysis, a 'financial year', for example 2004/2005, includes the average of data for summer term 2004, autumn term 2004 and spring term 2005.

Several schools have merged since 2004 reducing the number of schools in each analysis.

* 2006/2007 data contains data for Summer Term 2006 and Autumn Term 2006 only.
